ABOUT US

Join us at the scenic Lalitpur from October 25 to 27, 2024, for an enlightening and inspiring conference. This event will bring together leading researchers, academics, and industry professionals in the field of material sciences to share the latest advancements and innovations. Key topics include Energy Storage & Conversion, Health Care Technology, Environmental Remediation and Travel & Tourism.

Conference Highlights:

1

Keynote Speeches:

Hear from renowned experts in material sciences.

2

Research Presentations:

Discover cutting-edge research and developments.

3

Workshops and Panels:

Participate in interactive sessions and discussions.

4

Networking Opportunities:

Connect with peers and industry leaders.

5

Exhibitions:

Explore the latest products and technologies in material sciences.

Registration:

Abstract Submission

Final date: September 20, 2024

Acceptance Date: September 27, 2024

Standard Registration

Professor: \$550

Researcher/Postdoc: \$500

Student: \$450

Spot Registration in special case
